

**Release®
Solvent-Based
Form Release Agent**

- Promotes clean positive release from wood, plastic, steel or aluminum forms
- Extends life of forms - inhibits oxidation
- Minimizes dusting on formed concrete surfaces

6005.05 5 Gal. Pail

6005.55 55 Gal. Drum

**Safe-Slip®
Water-Based
Form Release Agent**

- Water-based release contains no VOCs
- Will not stain white or light colored architectural concrete
- Dual action release (barrier & lightly reactive)

6010.05 5 Gal. Pail

6010.55 55 Gal. Drum

**ChemPlug®
Hydraulic Cement**

- Sets underwater to stop leaks immediately
- Does not deteriorate under continuous exposure to water
- Sets in 3 - 5 minutes for emergency repairs with minimal downtime

3000.10 10 lb Pail

3000.50 50 lb Pail

**Safe-Cure & Seal® 20
Water Based Concrete Curing &
Sealing Compound**

- Economical, low odor, water clean-up
- Cures fresh concrete to maximize strength - reduces shrinkage
- Seals concrete with a tough acrylic film

1210.05 5 Gal. Pail

1210.55 55 Gal. Drum

**Spray-Cure & Seal® 25
Solvent-Based Concrete Curing &
Sealing Compound**

- Meet ASTM C-1315, Type I, Class B
- Cures fresh concrete to maximize strength - reduces shrinkage
- Seals older concrete with a tough acrylic film

1305.05 5 Gal. Pail

1305.55 55 Gal Drum

**Safe-Cure Clear®
Concrete
Curing Compound**

- Meets ASTM C-309, Type I, Class A & B
- Allows concrete to develop full design strength
- Soap & water clean-up

1020.05 5 Gal. Pail

1020.55 55 Gal. Drum

**Conset Grout®
General Purpose Non-Shrink Grout**

- Non shrink grout for maximum load bearing
- Can be used at fluid consistency without segregating
- Pumpable for rapid placement on large projects

2310.50 50 lb Bag

**Speedpatch®
General Purpose Patching**

- Fast setting, general purpose, single component, Hardens quickly - 10 minutes
- Can be used to patch horizontal, vertical or overhead surfaces
- May be shaved or molded to conform to the contours of the surrounding area

2000.50 50 lb Bag

**Featherpatch®
Thin Set Repair Mortar**

- Single component
- Used for patching areas from feather edge to one inch thick
- Polymer modified for resistance to deicing chemical, fertilizers and alkalis
- Excellent workability - not sticky

2033.50 50 lb Bag
