the **VERTICAL SOLUTIONS** company

Not just elevator **TOOLS...** ...but elevator **SOLUTIONS**

At Vertical Solutions, we believe the best way to do business is by building strong customer relationships. Our goal is to make your life easier and safer and to provide our customers with the highest quality product.

For years Vertical Solutions has been providing products and services to the elevator and construction industries. Working closely with an Advisory Committee composed of members representing all facets of the elevator industry allows us to draw on over 150 years of combined expertise in the elevator field.

We strive to offer high quality tooling designed to improve safety and save time in the field. Close cooperation between our development engineers and high volume customers enables us to offer successful and relevant products at the lowest possible price. We also offer lease options on many of the high dollar items that allows ease in managing your tooling budget

As we strive to meet your needs, we promise to stand behind our products and service. If you need something you don't see we can find it, build it, or design it for you just give us a call.
