

TESTING & MEASURING

TESTING & MEASURING

Adjusters Kit

Includes:

- Amprobe RS-3 Tong Meter
- Door Torque Tool
- Hansen Fitting
- Pressure Gauge – 1000 psi
- Fluke 23 Voltmeter
- Tachometer

#AK5000

Machinist/Mechanics Level

This 6" level has ground and graduated main vial; cross test vial; Main vial is adjustable for positive setting and housed in brass tube with friction fit closing cover to prevent breakage. An involute longitudinal groove between bearing flats provides accurate seating on round work.

#MC570

Amprobe RS-3 Tong Meter - Clamp On

Analog clamp on meter, resistance 1000 Ohms, AC Voltage 150/300/600 Volts, AC Current 6/15/40/100/300 Amps, scale type rotary, midscale resistance 25 Ohms, calibration frequency 50 to 400 Hz, jaw capacity 1 inch.

#RS003

Fluke 27 Digital Multimeter

Digital multimeter, display type 3 1/2 , Lcd, resistance 320/3.2 Kilo/32 Kilo 320 Kilo/3.2 Mega/32 Mega Ohms, Dc Voltage 320 Milli/3.2/ 32/320/1000 Volts, Dc Current 320 Micro/3200 Micro/ 32 Milli/320 Milli/10 Amps, Ac Current 320 Micro/3200 Micro/ 32 Milli/320 Milli/10 Amps, Ac Voltage 320 Milli/3.2/ 32/320/1000 Volts, Accuracy +/-0.1% +/-1 Digit. Color yellow, includes Nist certified calibration.

#FL027

FatMax™ Tape Rule

Blade Armor coating is a patented industrial thermoplastic coating. It's on the first 6" of the FatMax Tape. Rules for maximum durability and reduced blade breakage 1-1/4" wide blade (25% wider) with 11, of stand out for extra and easy to read graphics. Top forward blade lock makes it easier to lock and unlock the blade. Exclusive cushion grip built into the case for a comfortable slip-resistant grip and impact resistance.

#FM850

TESTING & MEASURING

Multimeter and Clamp Meter Combo Kit

- Fluke 112 True-rms Digital Multimeter
- Fluke 322 Digital Amp Meter
- Test Leads
- Carrying Case

#MC112

Door Torque Gauge

0-35 lb.s

#DG682

Magnetic Meter Holder Tool Pack

Tool Pack, for use with 80 series, IV Digital Multimeter. Includes magnet and hanging straps.

#TP80

Elevator Test Cart 500 lbs.

A rigidly designed box section unit consisting of 1/2" steel plate and 1" schedule 40 pipe engineered specifically for the elevator industry. The wheels are solid rubber tires with a steel core and have roller bearings and grease fittings. Each unit weighs 500 lbs. loaded with eight weights of 50 lbs. each and is balanced for easy handling. 8" wide; 26" long; 42" high. **TC678**

Replacement Weights **TCW698**

Pressure Gauge

2-1/2" glycerin filled pressure gauge. Gives readings accurately to 3%; Comes with 2 ft pressure line; 0-1000 psi.
