

RECIPROCATING SAWS

Reciprocating Saw Blades

- Bi-metal construction
- Precision milled teeth
- Shatterproof; shock resistant teeth
- High heat and wear resistance

18V Cordless Reciprocating Saw

- 1" stroke length and 2,900 SPM for fast cutting
- Powered by the DEWALT 18V "system" of battery packs
- Keyless blade clamp allows quick blade change without touching blade or reciprocating shaft
- Electric brake prevents blades from breaking when exiting plunge cuts
- Compact and lightweight; 7.1 lbs.
- Pivoting shoe with open top for maximum visibility
- Blade can be reversed for flush and plunge cutting

DC385K 18V Cordless Recip. Saw

BAHCO Snap-on Reciprocating Saw Blades

- Hardened high speed steel teeth provide an aggressive bite into the toughest materials
- Precision ground teeth provide unbeatable cutting power along with greater control, speed, and precision
- Teeth are electron welded to the backing for maximum durability & dependability
- Spring steel backing provides flexibility and resilience to prevent shattering

Porta Band Blade 14 Tooth 1/ea
PB13-0.5-R-18-1140-5P
Porta Band Blade 18 Tooth 1/ea

Heavy Duty Reciprocating Saw Kit

- Powerful 11.8 Amp motor designed for heavy-duty applications
- Lever-action keyless blade clamp allows for quick and easy blade changing
- Counter-balance mechanism minimizes vibration and reduces user fatigue
- 0-2,900 strokes per minute and 1-1/4" stroke length deliver fast cutting
- Variable speed dial and trigger provide efficient cutting speed with improved control
- Push-button adjustable shoe easily adjusts depth of cut and extends blade life

DW309K VS Recip. Saw Kit

DEWALT Reciprocating Saw Blades

- Reinforced tooth for increased durability when cutting through nails and other foreign objects
- 6 degree hook angle for fast, aggressive cuts
- Anti-stick coating minimizes friction and gum-up

DW4865 9" 10 TPI Demolition Bi-metal Reciprocating Saw Blade (5 Pack)

BOSCH

Heavy-Duty Heat Gun

- 14.3 Amps, 750-1000°F
- Provides a high volume of air needed for industrial applications
- Air intake regulator adjusts the temperature to the requirements of the job
- Cool air setting for cooling tool and for no-heat applications, adds versatility
- Insulated nozzle protects operator, provides a cool exterior temperature
- Padded, adjustable stand allows stationary use with multi position holder
- Multiple uses - strip paint, shrink tubing or packaging, heat liquids, loosen fittings, soften caulking and surface finishes, thaw pipes.
- Double insulated, UL listed, complies to OSHA

1942

HITACHI

10 Amp Reciprocating Saw

- Powerful 10 Amp motor with electronic feedback power control
- Tool-less, one-handed blade changing system
- Dust and water resistant, triple sealed construction
- Oversized trigger for greater ease of use
- Reversible blade setting for reverse cutting
- Includes: Carrying Case, Blade, Hex Bar Wrench
